

# Como

## Kim Viera & Daddy Yankee

Baby you got me excited  
Striking me down like you can  
Just like lightning  
I love when our lips are fighting  
And do it all over again, love so blinding(Sube sube)Don't wanna go go go go go nowhere  
Wanna be all on you as long as you're here  
Inside your arms, this is paradise  
My future's in your eyesDon't wanna go go go go go nowhere  
My eyes roll back when you're pulling my hair  
As long long long as you don't disappear  
Don't be afraid, take me there  
You wanna come ride my wave like the ocean  
You wanna kiss on my skin like the sun  
Show me, como  
You wanna love me right now til forever  
Just don't talk baby you gotta show  
Show me, comoYo te llevo rápido  
De 0 a 100  
Aquí no soy pálido  
Se pasarla bien  
Quiero recorrer tu piel  
Poner el mundo a tus pies  
Yo sé que tu corazón lo siente tambiénTus labios dulcecitos como lollipop  
Hace que el caballo (poom poom) no pierda el stamina  
Un choque eléctrico  
Y se prende la máquina  
Te llevo pa' las nubes sin dejar de caer  
Loco por everytime  
Solo déjame probar one night  
Otra como tu no hay ay ay ay  
Otro como yo no hay ay ay ayLoco por everytime  
Solo déjame probar one night  
Otra como tu no hay ay ay ay  
Otro como yo no hay ay ay ayDon't wanna go go go go go nowhere  
Wanna be all on you as long as you're here  
Inside your arms, this is paradise  
My future's in your eyesDon't wanna go go go go go nowhere  
My eyes roll back when you're pulling my hair  
As long long long as you don't disappear  
Don't be afraid, take me there(Sube)You wanna come ride my wave like the ocean  
You wanna kiss on my skin like the sun  
Show me, comoYou wanna love me right now til forever

Just don't talk baby you gotta show  
Show me, como Don't go away, go away now  
Go away now  
I don't want nobody, nobody else  
You're my favorite work of art out on display  
Come away and we'll escape (Sube sube) You wanna come ride my wave like the ocean  
You wanna kiss on my skin like the sun  
Show me, como  
You wanna love me right now til forever  
Just don't talk baby you gotta show  
Show me, como You wanna come ride my wave like the ocean  
(Come ride my wave like the ocean)  
You wanna kiss on my skin like the sun  
Show me, como  
You wanna love me right now til forever  
Just don't talk baby you gotta show  
Show me, como Ven mamá
